Daffodil International
University

- Bsc in CSE
- GPA:

SKILLS

- HTML
- CSS
- JavaScript
- Tailwind CSS
- React.js

PROFILE

I am a self-taught Front-End Developer with a generalist approach and a background in Competitive Programming, pursuing collaborative environment to apply my skills and deepen my learning.

• NOTABLE PROJECTS

1. React Blog Website

- Built and deployed a fully responsive blog application using React.js.
- Implemented dynamic routing using React Router.
- Designed UI with Tailwind CSS for mobile-first responsiveness.

2. Drag & Drop Image Upload (JavaScript)

- Developed an interactive drag-and-drop image uploader using HTML, CSS, and JavaScript.
- Implemented real-time preview using FileReader.
- Validated image size and format before upload.

3. Shoe Shop Website (HTML, CSS, JavaScript)

- Developed a responsive e-commerce shoe store landing page with modern UI components and product sections.
- Implemented product cards with images, prices, and "Buy Now" buttons using JavaScript.
- Designed a responsive navigation bar and sectioned layout for casual and formal shoes.
- Created a functional contact form with input validation.
